Classroom News

Hi Students and Parents,

Happy first day of June! I can't believe we're down to our last full week.

For today's Zoom meeting, please make sure your child has their chapter 10 math book and a pencil. They will need these materials for Friday's meeting too.

No Zoom meeting next Monday. We will meet this Friday, June 5 and Wednesday, June 10 at 11am.

Please make sure to send me pictures of the kids assignments by this Sunday, June 7. I will not accept any pictures after Sunday. Next week I will begin working on report cards.

This week in first grade...

Math: Make a bar graph, read tally charts, and make tally charts.

Spelling: 4 spelling worksheets and blue book pages 25-32.

TypingClub: 15-20 minutes each day.

Science: What skills do scientists use and how do scientists use tools?

Reading Log: 15 minutes every night.

Moon Tracker: This is the last week for the tracker.
