Class of
2020

7th Grade Earth Science:

This summer incoming 8th graders need to read 2 books for their summer reading requirement. They need to choose their two books from the following list:

- "Peak" by Roland Smith
- "Chains" by Laurie Halse Anderson
- "Hotel on the Corner of Bitter and Sweet" by Jamie Ford
- "Boys in the Boat" by Daniel James Brown
- "Code Talker" by Joseph Bruchac
- "A Long Walk to Water" by Linda Sue Park
- "The Red Bandanna" (Young Readers Adaptation) by Tom Rinaldif
- "Short" by Holly Goldberg Sloan

We will be staying in contact over the summer through Google Classroom so I can keep track of their progress in reading these books. They are expected to use Google Classroom to let me know which two books they will be reading. The first book the students choose will be used for a summer assignment that is due on August 31, 2020, the first day of school! This assignment will be posted in Google Classroom on July 1st! The second book the students choose to read will need to be brought to school and used in a project the first week of school.

6th Grade Life Science:

The students are finishing up their unit on plants tomorrow! We will be doing some virtual museum field trips next week!

We are in countdown mode... 4 and 1/2 days left!

Have a fun summer!

~Mrs. Meghan Hoyer
